

**EXHIBIT B**  
**ALASKA PARK'S INCIDENTAL BUSINESS PERMIT STIPULATIONS**

**(These stipulations are applicable to all national park units in ALASKA)**

**THESE STIPULATIONS ARE APPLICABLE TO ALL AUTHORIZED ACTIVITIES OR AREAS LISTED ON YOUR INCIDENTAL BUSINESS PERMIT. ADDITIONAL SPECIFIC STIPULATIONS FOR INDIVIDUAL PARKS, PRESERVES, WILD RIVERS AND MONUMENTS (PARK UNITS) MAY ALSO BE ATTACHED.**

1. Proof of permit approval must be carried with the permittee and their employees when operating in the park unit. A copy of the signature page is acceptable and must be presented to any park employee on demand.

***(Some parks require the permittee and employees to carry the full permit while operating in the park; please check the individual park-specific provisions.)***

2. The permittee will have none of the rights or privileges of P.L. 105-391 specified for concession contracts. The National Park Service does not grant the permittee a preferential or exclusive right to conduct business in any National Park Service administered areas.

3. This permit may not be transferred, extended or assigned under any circumstances. This stipulation supersedes Exhibit A #4.

4. This permit does not authorize the permittee to advertise, solicit business, collect any fees, or sell any goods or services on lands owned and controlled by the United States. The Permit is for businesses (incidental) when there are no fixed commercial facilities within a national park area, the commercial activity originates and terminates outside the park, no money changes hands on park lands and no commercial solicitation occurs on park lands.

5. The permittee must obtain all permits or licenses of State or local governments, as applicable, necessary to conduct the business activities specified above and must operate in compliance with all pertinent Federal, State, and local laws and regulations.

6. **REVOCATION** - The IBP may be revoked at any time at the discretion of the superintendent without compensation to the permittee or liability to the United States.

**7. ANNUAL REPORTS:**

Reports listed below must be completed and postmarked no later than November 15<sup>th</sup> (unless otherwise noted) to avoid late fees being charged. Non-submission of any report may be grounds for suspension, or revocation of the permit. (This includes other reports that may be required by individual parks.) Negative reports are also required.

- Gross Receipt Report
- Activity Summary Report
- Commercial Transporters Activity Summary Report
- Glacier Bay Sportfishing Survey

**Due by February 1<sup>st</sup> of each year:**

- Big Game Commercial Services Board Transporter Activity Report  
(same report required by State).

8. **FEES:** The permittee is required to pay the following fees where applicable:

**a) Late Fee:**

- 1) A \$25 fee, per report, for each 30-day period or portion thereof, for reports postmarked after the November 15<sup>th</sup> due date.
- 2) A \$50.00 fee for each 30-day period, or portion thereof, plus an administrative charge of \$5.00 for each transaction related to the unpaid balance of any **past due fee**.

\$8.00 per person per night at Brooks Camp Developed Area Campground  
(Reservations required: 1-800-365-2267)

*Note: The Brooks Camp Developed Area Campground will not be used for or in support of commercial activities.*

**--Kenai Fjords National Park:**

\$3.00 per person, per day, per shuttle or taxi

\$3.00 per person for guided hiking, cycling, and recreational vehicle caravan.

**9. INSURANCE**

**Indemnification**

The permittee shall save, hold harmless, defend and indemnify the United States of America, its

agents and employees for losses, damages or judgments and expenses on account of fire or other peril, bodily injury, death or property damage, or claims for bodily injury, death or property damage of any nature whatsoever, and by whomsoever made, arising out of the activities of the permittee, his employees, subcontractors or agents under this permit.

The permittee shall purchase at a minimum the types and amounts of insurance coverage as stated herein and agrees to comply with any revised insurance limits the Director may require during the term of this permit.

The permittee shall provide the Director with a Statement of Insurance and Certificate of Insurance at the inception of this PERMIT and annually thereafter, and shall provide the Director thirty (30) days advance written notice of any material change in the permittee's insurance program hereunder.

The Director will not be responsible for any omissions or inadequacies of insurance coverage and amounts if such prove to be inadequate or otherwise insufficient for any reason whatsoever.

### **Public Liability**

The permittee shall provide liability insurance against claims occasioned by actions or omissions of the permittee in carrying out the activities and operations authorized hereunder. Such insurance shall be in the amount commensurate with the degree of risk and the scope and size of such activities authorized herein covering both bodily injury and property damage. If claims reduce available insurance below the required per occurrence limits, the permittee shall obtain additional insurance to restore the required limits. An umbrella or excess liability policy may be used to achieve the required limits.

- 1) All liability insurance must be written by a United State company.
- 2) All liability policies shall specify that the insurance company shall have no right of subrogation against the United States of America or shall provide that the United States of America is named an additional insured.
- 3) **The permittee shall obtain the following applicable coverage:**
  - (a) Comprehensive general liability insurance (*as specified in Exhibit C*)  
per occurrence
  - (b) Protection and Indemnity (Watercraft liability) (*as specified in Exhibit C*)  
per occurrence
  - (c) Automobile liability to cover all owned, non-owned and hired vehicles  
(*as specified in Exhibit c*) per occurrence
  - (d) Aircraft Liability - (*as specified in Exhibit C*) per seat.

10. An accident resulting in personal injury, death or property damage, shall be reported to the Superintendent of the respective park unit, as soon as possible. [36 CFR 2.33, 3.4, 4.4.] Any threatening incident involving wildlife shall be reported to the staff of the respective National Park Service unit, as soon as possible.

11. It is the permittee's responsibility to obtain prior approval from landowners for access to or across private lands within the Park Unit.

12. The permittee agrees to provide clients with National Park Service information, prior to the client's arrival to the park unit. The information will include park rules and regulations, basic safety rules, safe behavior in bear country and minimum impact camping and wilderness use guidelines.

13. The area(s) authorized for use under this permit must be left in substantially the same condition as it was prior to the activities authorized herein.

14. Use of Personal Watercraft and Airboats are **prohibited** for commercial purposes.

A **Personal Watercraft** is defined as a vessel which uses an inboard motor powering a water jet pump as the primary source of motive power, and which is designed to be operated by a person sitting, standing, or kneeling on the vessel, rather than the conventional manner of sitting or standing inside the vessel. The jet pump works by drawing water into the housing ahead of the impeller. The impeller is a type of precision propeller contained within the housing that pressurizes the water as it enters and forces the water toward the stern of the craft. The force of this exiting water is what pushes the PWC in the opposite direction. PWC do not have exposed propellers like most other powerboats. Brand names include, but are not limited to, Jet Ski, Sea-Doo, Waverunner, Wet Jet and Surf Jet.

An **Airboat** is defined as a self propelled vehicle that depends solely upon air thrust without air cushion to move in any direction across land, vegetation, water, ice and combinations of conditions associated with buoyancy. (Typically greater than 12 feet long.)
